FACULTY: PROF. TIZIANO TESTORI, DR. GABRIELE ROSANO CREMONA Italy, 5TH 6TH APRIL 2024 INTERNATIONAL HANDS-ON HUMAN CADAVER COURSE

PROGRAMME

Agenda for two days course:

DAY ONE

- 9:00 am - 9:30 am: Welcome and introduction to the course.
- 9:30 am - 10:30 am: Theoretical teaching part with explanatory dissection and clinical videos.
- 10:30 am - 1:30 pm: Hands-on cadaver with application of surgical techniques in the mandibular area and dissection of the relative muscular and neurovascular structures of major interest Part 1.
- 1:30 pm - 2:30 pm: Lunch Break.
- 2:30 pm - 7:00 pm: Hands-on cadaver with application of surgical techniques in the mandibular area and dissection of the relative muscular and neurovascular structures of major interest Part 2.

DAY TWO

- 9:00 am - 10:30 am: Theoretical teaching part with explanatory dissection and clinical videos.
- 10:30 am - 1:30 pm: Hands-on cadaver with application of surgical techniques in the maxillary area and dissection of the relative muscular and neurovascular structures of major interest Part 1.
- 1:30 pm - 2:30 pm: Lunch Break.
- 2:30 pm - 7:00 pm: Hands-on cadaver with application of surgical techniques in the maxillary area and dissection of the relative muscular and neurovascular structures of major interest Part 2.

LEADING EXPERT ON WISDOM TEETH TREATMENT

DR. JASON MOTTA JONES

CURRICULUM

Dr. **Jason Motta Jones** is a leading expert on wisdom teeth extractions. Owner of Studio Motta Jones, Rossi and associates clinic located in Milan, Italy.

Currently visiting professor at the Oral & Maxillofacial Surgery School and at the Oral Surgery School at Milan University, Italy.

Founding and active member of the International Piezosurgery Academy and Italian Academy of Osseointegration.

He authored several scientific publications and books in the field of wisdom teeth treatment.

COURSE ABSTRACT

- Learn of new principles and methods to assess the difficulty of each possible case in wisdom teeth extractions.
- Examine and analyze new technologies and surgical algorithm.
- Re-live full HD videos to analyze in depth every phase of surgery.
- Hands-on sessions focused on techniques, practicing incision, flap elevation, bone sectioning and teeth luxation.

THE ESTHETIC ZONE**

DR. ARNDT HAPPE

ROME Italy, 21ST 22ND JUNE 2024

**BIO-LOGIC TIPS FOR DAILY PRACTICE BONE REGENERATION
MATERIALS AND PROCEDURES IN THE ESTHETIC AREA**

CURRICULUM

Prof. **Luigi Canullo** is a leading expert on prosthetic rehabilitation. Graduated in Dentistry and Dental Prosthesis at the University of Rome "La Sapienza" in 1994. PhD at the University of Bonn (DE). He is the author of more than 100 articles published on international journals on topics related to implantology. Active member of the Italian and European Academy of Osseointegration (IAO and EAO). Visiting Professor at the University of Bern (CH). Reviewer for the most important journals in implant dentistry, he was awarded with important international prizes for his research work. His professional office is in Rome, limiting his private practice to surgery and implant supported prosthetic rehabilitation.

Dr. **Arndt Happe** is a leading expert on implantology of the esthetic zone. Graduated from the University of Münster as a Doctor for Dental Medicine in 1994. He spent 3 years as a resident for Professor Dr. Fouad Khoury at the private Clinic for Implantology and Esthetic Dentistry in Olsberg (DE) and graduated for Oral Surgery in 1999. Since 1999 he established a renown Private & Referral Practice in Münster (DE) treating Implant, Perio, Restorative and Esthetic Cases. He obtained an advanced degree in Implantology (2000) and Periodontology (2004) from the German Societies for Implantology and Periodontology respectively. Since 2010 he is a research fellow and external lecturer at the University of Cologne (DE) and in 2013 received his postdoctoral lecture Qualification and presently holds an Assistant Professorship from the same University. In 2018 published textbook "Success with implants in the esthetic zone", Quintessence Berlin.

**PIONEER OF IMPLANT DENTISTRY IN FRANCE
AND EXPERT IN COMPLEX CASE TREATMENT**

DR. PATRICK PALACCI

CURRICULUM

Dr. **Patrick Palacci** is a pioneer of implant dentistry in France and expert in complex case treatment. Head of Brånemark Osseointegration Center clinic and educational institute located in Marseille, France, has been working in very tight relationship with Prof. Per-Ingvar Brånemark.

Developer of several techniques in relation with optimal implant positioning, papilla regeneration technique and aesthetic implant dentistry.

Author of numerous scientific articles and of two textbooks.

Dr. Palacci got the first NobelPharma Award in 1995.

COURSE ABSTRACT

Esthetic implant treatment : the keys to success

- Ridge augmentation. How to predictably augment a ridge, the use of new materials (sticky xenograft GTO®), simplification and reliability.
- Soft tissue manipulation. Papillae regeneration technique: rationale, technique, long term results soft tissue augmentation using hard tissue graft.
- Immediate loading: simplify, increase success rate.
- Simplification of complex cases.
- Learn the hard and soft tissue management techniques and the way to achieve optimal functional and esthetic results.
- Observe live surgeries performed by Dr. Patrick Palacci on Ridge augmentation and esthetic in the Anterior Maxilla.

FACULTY: DR. PATRICK PALACCI, PROF. ULF NANNMARK
MARSEILLE France, 4TH 5TH JULY 2024
NEW HORIZONS IN RIDGE AUGMENTATION

PROGRAMME

Agenda for two days course:

- Live surgeries of complex cases will be performed by Dr. Patrick Palacci with the comments of Prof. Ulf Nannmark.
- Short lectures and discussions on Ridge augmentation and Esthetic in the Anterior Maxilla will be held between live surgeries.
